Get to know the areas where we mail.

UP TO 10,000 HOMES PER EDITION

We choose USPS routes for each edition. The ZIP codes below describe our focus areas. We do not mail to every address in all three ZIP codes in one edition.

ZIP	Home mail addresses	Typical yearly income	Middle age
85383	30,357	\$145,546	40.4
85382	19,723	\$91,525	44.6
85373	9,694	\$72,063	64.5

What these numbers mean

Home mail addresses are residential delivery points in the USPS routes we captured. They can include apartments. This count does not mean every home is owner-occupied.

Income and age describe the whole Census ZIP area. They are estimates, not facts about each home or the exact routes in your edition.

Ask us which routes your edition will reach.

peoriacommunityspotlight.com | (623) 323-8545

USPS routes checked Oct 4, 2026. Census: 2020-2024 ACS five-year estimates.
Sources: USPS EDDM route tool and Census Reporter ZIP profiles. Area facts, not sales forecasts.

More facts about each area

Census ZIP-area estimates. These are not route-level demographics.

	85383	85382	85373
People in the area	74,390	43,729	20,254
Occupied households	25,364	17,693	9,308
Housing units	26,549	19,581	10,664
Typical yearly household income	\$145,546	\$91,525	\$72,063
Middle age	40.4	44.6	64.5
Middle owner-occupied home value	\$661,400	\$438,300	\$348,500
People per household	2.9	2.4	2.1
Income per person	\$61,873	\$45,934	\$41,278
People below the poverty line	4.9%	7.9%	9.3%
People who moved in the past year	10.7%	13.4%	10.9%
Adults 25+ with a bachelor's degree or more	50.9%	38.6%	30.9%

Typical income and middle age/value mean the median: half are above and half are below. Census estimates have margins of error. View the full data file for the available margins of error.

USPS residential delivery counts and Census household counts use different definitions and dates. They will not match. ZIP areas can cross city limits.
